TECHNICAL SKILLS

- **Languages:** Java, Python, C++, C, SQL
- **Systems & Cloud/DevOps:** AWS, Docker, CI/CD, Linux, Bash Scripting, Git, GitHub
- **Databases:** MySQL
- **Web Technologies:** HTML, CSS, JavaScript
- **Soft Skills:** Problem Solving, Adaptability, Teamwork, Quick Learner, Collaboration

INTERNSHIP

ERVARING Growth Mindset Hub, Bangalore | [Ervaring](#)

June 2025 – Sept 2025

Web Development Intern

- Engineered 3 interactive web applications using HTML, CSS, and JavaScript, optimizing frontend performance to improve user engagement by 25%. Collaborated with team members to deliver responsive user interfaces, earning a Recognition Certificate for outstanding project execution.

PROJECT

Docker-Based Testing Environment | [GitHub](#)

July 2026

- Build an isolated, reproducible Docker-based testing environment to validate containerized applications and networking setups.
- Designed Dockerfile, compose configurations, and test scripts to spin up multi-container services and simulate real deployment scenarios.
- Delivered a reusable testbed that reduces local setup time and enables consistent, repeatable validation of Dockerized workloads.

Linux System Health Monitor | [GitHub](#)

Aug 2026

- Create a lightweight system health monitoring tool to track CPU, memory, and disk usage and alert on threshold breaches.
- Implemented monitoring logic, threshold-based alerting, and logging/reporting mechanisms (CLI or script-based) for continuous health checks.
- Produced a working monitor that logs metrics over time, triggers alerts when resources exceed limits, and can generate periodic health reports.

TRAINING

DevOps Fundamentals: Building Skills from Code to Deployment | [LPU](#)

Jun 2026

- Completed an intensive 37-day DevOps program, mastering core software development, modern deployment lifecycles, and DevOps best practices.
- Gained hands-on technical expertise in industry-standard tools including Linux, Git, GitHub, AWS, CI/CD, and Docker.
- Applied DevOps concepts through practical projects involving version control, cloud infrastructure management, containerization, and automated deployment workflows.

CERTIFICATIONS

- AWS Foundations | [AWS](#) May 2026
- DevOps Fundamentals – Lovely Professional University | [LPU](#) August 2026
- Database Management System (DBMS) Certification – Infosys Springboard | [Infosys](#) July 2026
- C++ Programming Certification – Infosys Springboard | [Infosys](#) June 2025

ACHIEVEMENTS

Recognition Certificate (Growth Mindset Hub Internship) | [Ervaring](#)

- Honoured for outstanding performance, problem-solving agility, and demonstrating a strong growth mindset during the internship tenure.

CODE STORM 36-Hour Hackathon | Microsoft Student Ambassadors & Spirit Org. | [Microsoft](#)

- Competed in an intensive, non-stop 36-hour coding sprint to rapidly prototype and engineer collaborative software solutions under a tight deadline.

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology — Computer Science and Engineering
CGPA: 8.01
Aug 2024 – Jul 2028 (Expected)
- **S R Junior College** Hyderabad, India
Intermediate | **Percentage: 91%**
June 2021 – March 2023
